It has extended their imaginative role play where they play be imitating everyday actions and events from their own families and different cultural backgrounds.

Comment on the impact this activity has had on you and any other staff involved (at your school or other schools).

The themed days have enabled us to explore different countries and their ways of life, that we may not have known/learned about. It has allowed us to share our own experiences with the children as well as learning about the children's own experiences of different festivals and celebrations.

It has enabled our preschool to be included in the larger school community and enabled the children from preschool to learn from the older school children. It has promoted confidence and pride within our EAL community.

Please make any suggestions for improvement (e.g. What was the most effective part of this activity for you and why? What was the least effective and why?)

Please comment on the impact this activity has had on your child and in your local community.

World Thinking Day, Chinese New Year, Carol Concert at Church, Christingle Celebrations are the highlights of Jack's recollections of looking at Festivals and Celebrations locally and internationally, currently and historically. It is wonderful that the school promote integration with the local community and internationally through pen pals.

If you have been directly involved in this activity what impact did it have on you?

Through attendance at various Church Services, it is wonderful to be a part of the Childrens learning and celebrations. The Children are always so engaged. The lighting of their Christingles as a whole school was a particular highlight & brought the meaning to life.

How could we improve this activity next time?

Extraordinary efforts are made to engage both children and adults. With images and videos always available on class pages on the school website. 😊 Thank you.

Any other comments?

A great breadth of understanding and learning is delivered theoretically and practically.
