

COUNTESS GYTHA PRESCHOOL

Transition to school

Moving on to school is a major transition in a child's life involving separation from familiar adults and children. Older children have a more secure understanding of 'people permanence' and are able to approach new experiences with confidence. However, they need preparation if they are to approach transition to school with confidence and an awareness of what to expect.

Partnership with schools

- Every effort is made to forge and maintain strong links with all schools that children may attend. The setting manager will approach schools in order to open lines of communication where these have not previously existed.
- Details of the school's transition or settling in procedures are kept by the setting and are referred to so that members of staff are familiar with them and can develop a consistent approach to transition with teachers, parents and children.
- Teachers are welcomed into the setting and sufficient time is made for them to spend both with the child and their key person, to discuss and share information that will support the child's transition to school.
- A child's EYFS learning journey is forwarded to the school along with any other information that will aid transition and settling in. Parents/carers receive a copy of this.
- Any action plans relating to a child's additional needs are also shared, where this is in place.
- Other formal documentation such as safeguarding information is prepared in line with the settings Transfer of Records procedure.

Partnership with parents

- Key persons discuss transition to school with parents and set aside time to discuss learning and development summaries. Parents are encouraged to contribute to summaries.
- Key persons will discuss with parents how they are preparing their child for school and will share information about how the setting is working in partnership with the school to aid transition.
- Key persons will make it clear to parents the information that will be shared with the school, for example, information regarding child protection and work that has taken place to ensure the child's welfare.

Increasing familiarity for children

- Where the setting is on, or adjacent to a school site, there will be opportunities for children to become familiar with staff and school premises, for example the shared use of indoor and outdoor spaces, activities and resources.
- If there are several other schools in a catchment area, or the setting is not within reasonable distance of the school, other means of familiarisation will be explored. This could be through videos, photographs or other information about the school that can be shown within the setting.

Preparing the children for leaving

- Children and parents will form bonds with adults and children in the setting and will need preparation for separating from the relationships they have formed.
- The child's last day should be prepared for in advance and marked with a special celebration or party that acknowledges that the child is moving on.
