

STAR Approach – behaviour analysis chart

Child's name:

Sheet Number:

Date and time	Setting	Trigger	Action	Result	Communicating
	Where did the incident occur?	What happened just before the incident?	What behaviour did the child display?	What was the result for the child?	What could the child have been trying to communicate?

Date and time	Setting	Trigger	Action	Result	Communicating
	Where did the incident occur?	What happened just before the incident?	What behaviour did the child display?	What was the result for the child?	What could the child have been trying to communicate?

Why are you making this request for support?

What support and interventions have already been put into place?

What support would you like to be put into place?

What outcomes do you hope to see as a result of this support?
